

Confederation Strategy Group

Specialised Diplomas – Expressions of Interest

9th November 2006

The Strategy Group met on 8th November to consider the 'Expression of Interest' forms it had received from confederation members wishing to act as partners in the development of the specialised diploma gateway bids for Bradford and District.

The strategy group came to the conclusion that it should support the involvement of all members who expressed an interest in the preparation of the bid and developing a delivery and implementation plan for September 2008. The Lead partners should contact all their partner organisations and ensure that arrangements are in place to complete the gateway 'Self-Assessment Form'. The strategy group is of the opinion that having regard to the criteria for the bid and the timescales involved that partners to each bid may have differing levels of involvement. Completed submissions should be returned to Chris Morton, Confederation Executive Officer by **5.00pm on Friday 17th November.**

Chris will contact each of the Lead partners to arrange a short meeting with the named representatives of their school or college to discuss the format of the bids.
